

DEV JASANI

Full Stack Developer | Generative AI • Agentic Systems • LLM • RAG • React.js • Node.js • Python

+91 7888117903 | devjasani79@gmail.com | Pune, India | linkedin.com/in/devjasani79 | github.com/devjasani79 | devj-portfolio.vercel.app

PROFESSIONAL SUMMARY

Full Stack Developer and Agentic AI practitioner with production experience building **scalable REST APIs**, **real-time systems**, and **AI-integrated web applications** using **React.js**, **Node.js**, **Python**, and **PostgreSQL**. Hands-on expertise in **LLM integration**, Retrieval-Augmented Generation (**RAG**) pipelines, and autonomous **agentic workflow design** using **LangChain**. Proven ability to ship features end-to-end in agile teams, optimize backend performance by up to 25%, and own the full SDLC from architecture to deployment. Seeking Full Stack, AI Developer, or Agentic AI Engineering **roles**.

TECHNICAL SKILLS

AI & Agentic: LLM Integration, RAG Pipelines, Agentic Workflows, LangChain, Prompt Engineering, Vector DB, GPT APIs

Frontend: React.js, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS, GSAP, Responsive Design

Backend: Node.js, Express.js, Python, RESTful API Design, Microservices, JWT Authentication & Authorization

Databases: PostgreSQL, MongoDB, Supabase, schema design, SQL optimization, indexing, NoSQL

Cloud & Tools: Azure (foundational), Vercel, Render, Git/GitHub, Postman, Figma, Agile/Scrum, SDLC, Socket.io

WORK EXPERIENCE

Full Stack Developer Intern – Labmentix Edtech Pvt Ltd *Jun 2025 – Sep 2025*

- Engineered 8+ production RESTful APIs with Node.js, Express.js, and TypeScript powering a live LMS with JWT authentication, role-based access control, and scalable content delivery for active users.
- Reduced PostgreSQL query latency by ~20% via Supabase schema redesign, normalization, and targeted multi-column indexing, directly improving platform responsiveness under real user load.
- Delivered 100% of sprint features on schedule in a remote agile team using structured Git workflows, PR code reviews, and Postman-driven API contract testing.

Microsoft Learn Student Ambassador – Aadi Foundation *Jan 2025 – Feb 2025*

- Deployed 3+ web applications and gained hands-on exposure to Azure Cloud services and foundational AI/ML concepts while establishing groundwork for cloud-integrated and AI-driven development.

Frontend Developer Intern – NEX TechSolutions Inc. *Oct 2024 – Jan 2025*

- Boosted production app performance by 25% by refactoring React.js components, eliminating redundant renders, and optimizing API call patterns across 10+ responsive cross-platform interfaces.
- Restructured navigation flows and aligned UX with business requirements, reducing core journey friction and increasing user engagement, validated through stakeholder review.

PROJECTS

GoogleDevDrive – AI-Powered Cloud Storage *Next.js • Appwrite • Node.js • LLM APIs • [GitHub](#) | [Live](#)*

- Built a production multi-user SaaS cloud storage platform with secure auth, per-user file isolation, and access-controlled storage. Integrated LLM-powered document summarization and natural language file search enabling conversational interaction with stored content via generative AI.

WhatsUpDev – Real-Time Chat App *React.js • Node.js • MongoDB • Socket.IO • JWT • [GitHub](#) | [Live](#)*

- Engineered a full-stack real-time messaging system with group chat, media sharing, and JWT sessions achieving reliable sub-150ms delivery through optimized Socket.IO event handling and MongoDB schema design.

EyeVisionOptics – Brand Landing Page *React.js • GSAP • Lucid React • Tailwind CSS • [GitHub](#) | [Live](#)*

- Built a GSAP-driven, animation-heavy eyewear store landing page featuring parallax scrolling, scroll-triggered section reveals, and fluid motion sequences, fully responsive across mobile and desktop with consistent 60fps performance throughout.

CERTIFICATIONS

- Full Stack Generative & Agentic AI with Python – Udemy (LLM Integration, RAG, LangChain, Agentic Workflows)
- Node.js, Express.js & MongoDB for Web Developers – Infosys Springboard
- Full Stack Development Master Course – Great Learning

EDUCATION

Bachelor of Business Administration – Computer Applications *2021 – 2024*

Haribhai V. Desai College, Pune (SPPU) | GPA: 8.53 / 10
